adequate, and the general facilities for broadcasting cry for improvement. But the nine months since KPFA-Interim was suspended have given a clear answer to the basic question of practicality in listener-sponsorship. If enough people are informed of KPFA, more than enough will subscribe for its support. The project's need now is simply to make itself known and understood among more and more of the Bay Area public. For the new signal of 16,100 watts reaches all of that Area, and the approximately 150,000 FM listeners within it.

The Spring Campaign for listener-subscriptions begins May 19, the day after KPFA's scheduled resumption of broadcasting. Its goal is 2,000 new subscribers. It is an extension, and an enlargement, of the campaign activity which former listeners of KPFA-Interim carried on in the Fall of 1950. If it reaches its goal, the extended canvassing will bring KPFA very close to self-support. Anyone desiring to join in the telephoning of subscription prospects is urged to call one of the following numbers, depending on location: EXbrook 2-6001, San Francisco; ASHberry 3-6767, Berkeley; FIreside 5-1138, San Mateo; DAVenport 2-3579, Palo Alto; San Rafael 4118-W (evenings only).
